Member Vacation Program

As all of our membership plans are month-to-month, you can cancel and start back up your membership at any time. If, however, you'd like to hold on to some part of your membership benefits during the time you are away, and/or keep your current plan and benefits, we've created a vacation program that hopefully covers all the bases. **The goal: to keep you a part of our amazing community while covering the costs we incur to do so.**

Vacation Program Benefits

- **Hold your spot:** Regain whatever plan, pricing and benefits you currently have upon your return (upon availability). If benefits are added to the plans while you are away, you'll receive them, and you'll get any lowered rates that are put into place - you'll always get the best deal.
- **Keep your keys:** If you have a key, you can hold onto it - it will be deactivated during your vacation period and turned back on upon your return date.
- **Stay visible:** Keep your profile up on the Social House website, your cards on the member board, and your 'in-house vendor status' on our vendor list, if applicable.
- **Remain connected:** We'll keep you in the Facebook group and on the Member email list so that you can stay in contact with the group, get announcements on House happenings and receive member event invitations. You'll also be able to RSVP for member events occurring after your return, and receive your member discount for paid events.

Need a break? Your options are:

1 VACATION PLAN: \$25 / month, per person, for up to 3 months

- 14 day notice required
- 1 month minimum
- Return date is required, and can be extended once if needed (up to the 3 month max)
- After 3 months, you'll need to cancel and reinstate your plan at a later time

Open Offices: As long as there is at least one other open office space available, we will hold your specific desk spot for your return, but it must be cleared of your things and will be available to others to use while you are gone. If all Open Offices are full, we can not hold your desk for you, but will put you first on the list for a spot upon your return.

Private Offices: We cannot hold offices while you are gone - they must be cleared and made available for others to use. We'll put you first on the list for an available office upon your return.

2 CANCEL TEMPORARILY: No monthly charge; signup fee may apply upon return

If you choose not to take the vacation policy, we'll just cancel your membership and reinstate it when you get back (based upon availability). There will be no fees or benefits while you are away.

Key Members: If you have a key(s), we need it while you are gone - please return it on or before your last day.

Plans are subject to the published startup fee upon your return.
